QUICK DAM™
THE NEXT GENERATION IN FLOOD PROTECTION

Protect Against: Flash Floods · Severe Storms · Snow Melt · Swelling Rivers · Hurricanes

FLOOD **BARRIERS** *Patented*

Specs:

- Water Activated Flood Barriers
- Absorbs water on contact and grows to 3.5" high in minutes
- Contains a super absorbent powder that swells & gels water
- Contain, control and divert flood water
- Dual lobe design prevents rolling out of position & stable stacking base
- Available in 5ft, 10ft, or 17ft Lengths
- Flexible & conforms to shapes & can also be dragged for easy maneuverability
- Safe, nontoxic, nonhazardous and can be disposed of in the trash
- No additional tools or supplies needed
- Not for use with saltwater

Ideal for:

- Entryways – doors, garages, windows
- Containing or divert flood water
- Control ice melt and gutter run off
- Erosion & runoff control
