The Recycled Fiber Hot Cup with a Dual-Purpose Advantage

Meet the revolutionary cup created from post-consumer recycled fiber: Dixie® ecosmart® 100% Recycled Fiber Hot Cup. Patrons are attracted to the cup's distinctive kraft paper design. And businesses appreciate its dual-purpose versatility, with an exterior coating that makes it a great option for cold drinks, too. Timing couldn't be better for this cup as today's customers not only value sustainability, they expect it.
