

Novus B56

Professional Heavy Duty Stapler

The Novus B56 Heavy Duty stapler is designed for high-volume stapling of 20 - 210 sheets with minimal effort. It features an anti-blocking system with dual staple guide to prevent jams and a bypass system for using longer staples with fewer sheets. This premium high capacity stapler is German engineered and works best when paired with Novus 23-gauge premium staples.

Features | Benefits

- Anti Blocking System prevents staple jams
- Dual staple guide provides even stapling pressure for superior performance
- Adjustable depth guide for repetitive stapling
- Bypass system prevents overlap of staple legs when stapling smaller quantities
- Long handle with 2-point leverage provides more power with less effort
- Rotating anvil for bypass or parallel stapling
- Heavy-duty base provides support and durability for extended use
- Push button for easy front loading of staples
- Space-saving staple storage in the base
- German engineered for quality and durability

Anti-Blocking System prevents jams and the hassle of stuck documents.

Adjustable depth guide keeps your clinches in the right spot with every stack.

German Engineered

Built for long-lasting durability, Novus Heavy Duty Staplers are designed to easily staple large stacks of documents with minimal effort.

The long handle features 2-points of leverage for more power with less effort.

The rotating anvil offers the choice of bypass or parallel stapling depending on your stack size.

The convenient front-loading staple compartment opens with the push of a button.
