*Certified using 8 1/2 x 11" 20-lb bond paper and recommended power supply.

deskside shredder features

solid-steel cutting shafts

High-grade, hardened steel cutting shafts are milled in Germany. One-year warranty on cutting wheels and shafts.

patented safety shield

Transparent safety shield keeps fingers, ties, and other objects away from the cutting shafts (electronically controlled).

environmentally friendly bin

Durable, lightweight shred bins can be used with or without disposable bags.

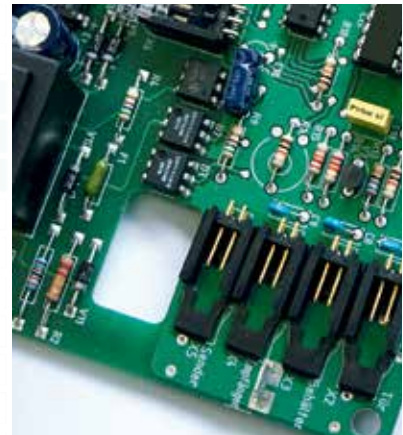

quality components

Cabinet doors are equipped with high quality adjustable metal hinges.

easy switch

Multifunction control element uses optical signals to indicate operational status and functions as an emergency stop switch.

lead-free soldering

Only lead-free soldering is used in the production of our electrical components.
