

Novus B50

Professional Heavy Duty Stapler

The Novus B50 Heavy Duty stapler is designed for high-volume stapling of up to 140 sheets with minimal effort. It features an anti-blocking system with dual staple guide to prevent jams and a bypass system for using longer staples with fewer sheets. This premium high capacity stapler is German engineered and works best when paired with Novus 23-gauge premium staples.

Features | Benefits

- Anti Blocking System prevents staple jams
- Dual staple guide provides even stapling pressure for superior performance
- Adjustable depth guide for repetitive stapling
- Bypass system prevents overlap of staple legs when stapling smaller quantities
- Rotating anvil for bypass or parallel stapling
- Long handle with 2-point leverage provides more power with less effort
- Heavy-duty base provides support and durability for extended use
- Push button for easy front loading of staples
- Space-saving staple storage in the base
- German engineered for quality and durability

Anti-Blocking System prevents jams and the hassle of stuck documents.

Adjustable depth guide keeps your clinches in the right spot with every stack.

German Engineered

Built for long-lasting durability, Novus Heavy Duty Staplers are designed to easily staple large stacks of documents with minimal effort.

The long handle features 2-points of leverage for more power with less effort.

The rotating anvil offers the choice of bypass or parallel stapling depending on your stack size.

Always have fresh staples handy with the built-in staple storage compartment.
