

# Material Safety Data Sheet

acc. to ISO/DIS 11014

Printing date 09/23/2011

Reviewed on 09/23/2011

## 1 Identification of the substance/mixture and of the company/undertaking

- **Product identifier**
- **Trade name:** SF-stamp ink Col11 (all color shades)
- **Application of the substance / the preparation:** Stamp ink
- **Details of the supplier of the safety data sheet:**
- **Manufacturer/Supplier**  
Noris-Color GmbH  
Ziegelhüttener Str.1  
Germany-95326 Kulmbach  
Phone: +49(0) 9221 - 92 00 0  
Fax : +49(0) 9221 - 92 00 90
- **Information department:** Product safety department.
- **Emergency telephone number:** see "manufacturer/supplier" or mobile phone +49 (0) 179-6739109

## 2 Composition/information on ingredients

- **Chemical characterization:** Mixtures
- **Description:** Mixture of the substances listed below with nonhazardous additions.

- **Dangerous components:**

56-81-5 glycerol	25-50%
------------------	--------

- **Additional information:** For the wording of the listed risk phrases refer to section 16.

## 3 Hazards identification

- **Classification of the substance or mixture**  
The product is not classified according to the Globally Harmonized System (GHS).

---

- **Classification according to Directive 67/548/EEC or Directive 1999/45/EC** Not applicable.
- **Information concerning particular hazards for human and environment:**  
The product does not have to be labelled due to the calculation procedure of international guidelines.
- **Classification system:**  
The classification was made according to the latest editions of international substances lists, and expanded upon from company and literature data.

---

- **Label elements**
- **Labelling according to EU guidelines:**  
Observe the general safety regulations when handling chemicals.  
The product is not subject to identification regulations according to directives on hazardous materials.
- **Safety phrases:**
  - 2 Keep out of the reach of children.
  - 7 Keep container tightly closed.
  - 18 Handle and open container with care.
  - 20/21 When using do not eat, drink or smoke.
  - 24/25 Avoid contact with skin and eyes.
  - 29/56 Do not empty into drains, dispose of this material and its container at hazardous or special waste collection point
- **Classification system:**
- **NFPA ratings (scale 0 - 4)**  
Health = 0  
Fire = 1  
Reactivity = 0
- **HMIS-ratings (scale 0 - 4)**  
Health = 0  
Fire = 1  
Reactivity = 0

## 4 First aid measures

- **General information:** No special measures required.
- **After inhalation:** Supply fresh air; consult doctor in case of complaints.
- **After skin contact:** Generally the product does not irritate the skin. Wash with water and soap.
- **After eye contact:** Rinse opened eye for several minutes under running water. If symptoms persist consult doctor.
- **After swallowing:** Rinse mouth well with water (only if person conscious). If symptoms persist consult doctor.

## 5 Firefighting measures

- **Suitable extinguishing agents:** Use fire fighting measures that suit the environment.
- **Special hazards arising from the substance or mixture** No further relevant information available.
- **Protective equipment:** No special measures required.

## 6 Accidental release measures

- **Personal precautions, protective equipment and emergency procedures** Not required.
- **Environmental precautions:**  
Do not allow product to reach sewage system or any water course.  
Inform respective authorities in case of seepage into water course or sewage system.  
Dilute with plenty of water.  
Do not allow to enter sewers/ surface or ground water.
- **Methods and material for containment and cleaning up:**  
Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).
- **Reference to other sections**  
No dangerous substances are released.  
See Section 7 for information on safe handling.  
See Section 8 for information on personal protection equipment.  
See Section 13 for disposal information.

## 7 Handling and storage

- **Handling:**
- **Precautions for safe handling**  
No special measures required.  
Open and handle receptacle with care.
- **Information about protection against explosions and fires:** No special measures required.
- **Storage:**
- **Requirements to be met by storerooms and receptacles:** No special requirements.
- **Information about storage in one common storage facility:** Not required.
- **Further information about storage conditions:** Keep receptacle tightly sealed.
- **Specific end use(s)** No further relevant information available.

## 8 Exposure controls/personal protection

- **Additional information about design of technical systems:** No further data; see item 7.
- **Components with limit values that require monitoring at the workplace:**

### 56-81-5 glycerol

PEL	15* 5** mg/m <sup>3</sup> *total dust **respirable fraction
TLV	10* ppm *Mist

- **Additional information:** The lists that were valid during the creation were used as basis.

- **Personal protective equipment:**
- **General protective and hygienic measures:**  
The usual precautionary measures for handling chemicals should be followed.
- **Breathing equipment:** Not required.
- **Protection of hands:**  
Protective gloves recommended during refilling/handling large quantities.  
The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.  
Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.  
Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation
- **Material of gloves**  
The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.
- **Penetration time of glove material**  
The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.
- **Eye protection:** Goggles recommended during refilling/handling large quantities.

## 9 Physical and chemical properties

- |   |                                    |
|---|------------------------------------|
| · <b>General Information</b>  |                                    |
| · <b>Appearance:</b>  |                                    |
| Form:   | Fluid                              |
| Color:  | According to product specification |
| · <b>Odor:</b> Characteristic   |                                    |
| · <b>Odour threshold:</b> Not determined.                                   |                                    |
| · <b>pH-value:</b> Not determined.  |                                    |
| · <b>Change in condition</b>  |                                    |
| Melting point/Melting range:  | Undetermined.                      |
| Boiling point/Boiling range:  | 290°C (554 °F)                     |
| · <b>Flash point:</b> 177°C (351 °F)  |                                    |
| · <b>Flammability (solid, gaseous):</b> Not applicable.                     |                                    |
| · <b>Ignition temperature:</b> 400°C (752 °F)                               |                                    |
| · <b>Decomposition temperature:</b> Not determined.                         |                                    |
| · <b>Auto igniting:</b> Product is not selfigniting.                        |                                    |
| · <b>Danger of explosion:</b> Product does not present an explosion hazard. |                                    |
| · <b>Explosion limits:</b>  |                                    |
| Lower:  | 0.9 Vol %                          |
| Upper:  | Not determined.                    |
| · <b>Vapor pressure at 20°C (68 °F):</b> 0.1 hPa                            |                                    |
| · <b>Density:</b> Not determined.   |                                    |
| · <b>Relative density</b> Not determined.                                   |                                    |
| · <b>Vapour density</b> Not determined.                                     |                                    |
| · <b>Evaporation rate</b> Not determined.                                   |                                    |
| · <b>Solubility in / Miscibility with</b>                                   |                                    |
| Water:  | Fully miscible.                    |
| · <b>Segregation coefficient (n-octanol/water):</b> Not determined.         |                                    |

· <b>Solids content:</b>	<i>10,0 - 20,0 %</i>
· <b>Other information</b>	<i>No further relevant information available.</i>

## 10 Stability and reactivity

- **Thermal decomposition / conditions to be avoided:** *No decomposition if used according to specifications.*
- **Incompatible materials:** *No further relevant information available.*
- **Hazardous decomposition products:** *No dangerous decomposition products known.*

## 11 Toxicological information

- **Acute toxicity:**
- **Primary irritant effect:**
- **on the skin:** *No irritant effect.*
- **on the eye:** *No irritating effect.*
- **Sensitization:** *No sensitizing effects known.*
- **Additional toxicological information:**  
*The product is not subject to classification according to internally approved calculation methods for preparations.*  
*When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.*

## 12 Ecological information

- **Acquatic toxicity:** *No further relevant information available.*
- **Persistence and degradability** *No further relevant information available.*
- **Behavior in environmental systems:**
- **Bioaccumulative potential** *No further relevant information available.*
- **Additional ecological information:**
- **General notes:**  
*Water hazard class 1 (Self-assessment): slightly hazardous for water*  
*Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.*

## 13 Disposal considerations

- **Waste treatment methods**
- **Recommendation:** *Smaller quantities can be disposed of with household waste.*
- **Uncleaned packagings:**
- **Recommendation:** *Disposal must be made according to official regulations.*
